Our expertise

Our customised Global TPA Services bring more accountability, knowledge and savings to your claims programme. We can offer fully independent expertise across industry sectors and insurance covers, including:

- General Liability, Auto and Property
- Product Liability
- Construction Defect
- Inland Marine
- Events and Entertainment
- Transportation

Our rich experience comes with complete reinsurance. Our global reach puts you in touch with more than 400 expert loss adjusters able to respond rapidly to all types of loss; large, complex, multiple and international. We keep you fully up-to-date with a customised reporting system that gives you a single point of contact and real-time access to your claim status.

Business benefits

As a truly independent global organisation, we can offer exceptional TPA advice, fully tailored to your precise goals and needs. Our customised programmes are likely to save your company significant time and money.

Services at your disposal

- Notice and Proof of Loss Management
- Loss Mitigation
- Loss Adjustment
- Subrogation
- Funds Management
- Claims Payment
- Bordereaux
- Customer Reporting

Case studies

—

A growing partnership

SITUATION

The world's largest business-to-business company chose McLarens to manage its Property, Construction All Risks and Transit claims programmes. Our offer was total convenience, efficiency and peace of mind.

SCENARIO

We received the first notice of a loss, adjusted the claim and paid the losses through a trust account.

OUTCOME

Our relationship was strengthened by regular efficiency reviews, which helped to give our client the reassurance to not only continue the partnership, but actually expand the programme each year.

—

Quality is at the heart of McLarens.
