High New Worth  
Products Liability

### BIOGRAPHY

Steven began his loss adjusting career in 1990, after commencing his insurance career as an Underwriter with a major UK insurer. He was appointed Regional Director of the Northern Ireland operation of GAB Robins in 2001, and in 2005 took leadership of the UK Major & Complex Loss product line, leading the team through many notable events including the 7/7 London Underground suicide bombs and multiple claims arising from the Buncefield Oil Storage Depot explosion.

Other major adjusting projects include the management of a GBP 40 Million Products Liability incident, a GBP 10 Million semi-conductor industry PD/BI loss, various terrorist bomb incidents, and many multi-million PD/BI losses occurring within the Energy market. He instructed as an Expert Witness (Quantum) by the legal fraternity within both UK and Irish jurisdictions.

Steven is a Past President of the Insurance Institute of Northern Ireland and is a current member of the UK Council of CILA.

In 2007 Steven joined McLarens taking a seat on the UK/Ireland Management Board with responsibility for Operations & Finance and in 2019 was appointed Managing Director of the UK & Ireland business. Steven also sits on the Global Management Team.
