### BIOGRAPHY

John has been in the industry for over four decades working primarily in the Commercial Large Loss arena and Executive Management with two International/Domestic Independent Adjusting Organizations. John has been involved in managing large domestic accounts through significant multiple catastrophic events and managed a national cadre of the highest level Property and Casualty adjusters and Forensic Accountants in the industry.

John demands the delivery of a quality professional product that provides the client with the best possible outcome within the limits of the policy of insurance in force. Providing communication at all levels of the adjustment process is paramount to successful claims handling. No surprises for the Insurer, Broker or Insured.
