

Norcross

A McLARENS COMPANY

Norcross |
United States

Overview & History

Quality is at the heart of McLarens. Norcross, a McLarens company, provides domestic loss adjusting services focused on the commercial middle market.

Established in 1979, as Washington Oregon Claim Service, the company grew its footprint and portfolio of services. In 2011, global claims services provider, McLarens, acquired the firm as an entry to the U.S. middle market sector. In August 2013, the company rebranded to Norcross to better reflect its business services beyond its regional roots.

Our national network of technical, insurance, and sector specialists means we can provide timely, rapid, and professional loss adjusting services 24/7.

Headquartered in Seattle, Washington, Norcross services Carriers, TPAs, Self-Insured Employers, Risk Pools, Public Entities, and the Transportation Industry.
